OPERATIONS PLAN - LLL-U OF H,
ENEWETAK, JANUARY 3 - FEBRUARY 15, 1978

The enclosed Operations Plan has a basic missing ingredient, namely the R. V. Liktanur. The loss of this vessel has understandably caused some modification of the original program effort and raises logistical problems that otherwise would not have occurred. An understanding of and sensitivity to these problems by all involved parties will go a long way towards salvaging this mission.

This plan has been verbally coordinated with U of H (Smith, Buddemeier), H&N (Brush, Foard, Nakoa), Global (Ted Murawski), and LLL (Wong).

For additional information please contact Harry Brown or Jim Miller.

Sincerely,

W. J. Stanley
Director
